

Psychologist Malpractice / Public Liability Insurance

Members should check out insurance companies for themselves to decide the most suitable policy for their needs.

One policy which we have been involved in negotiating is with Guardian Underwriting Services – the insurer is Lloyds of London. This policy is available to all registered psychologists (including those undertaking the 2 year supervision). You do not have to be a member of this association, or any association, to be eligible for this policy.

The rates are very good (e.g. the basic cover is \$245.24 plus stamp duty, GST and fee which comes to a total of \$345.00). There is no excess.

If you wish to know more about this policy, you can contact
